Objectives: This game can be used to target matching, describing, following directions, naming colors, answering what and where questions in addition to articulation, voice and fluency skills.

Create mix-matched eggs.

Fill with toy dinosaurs.

Print egg cards.

Give each student a mix-matched egg and an egg card.

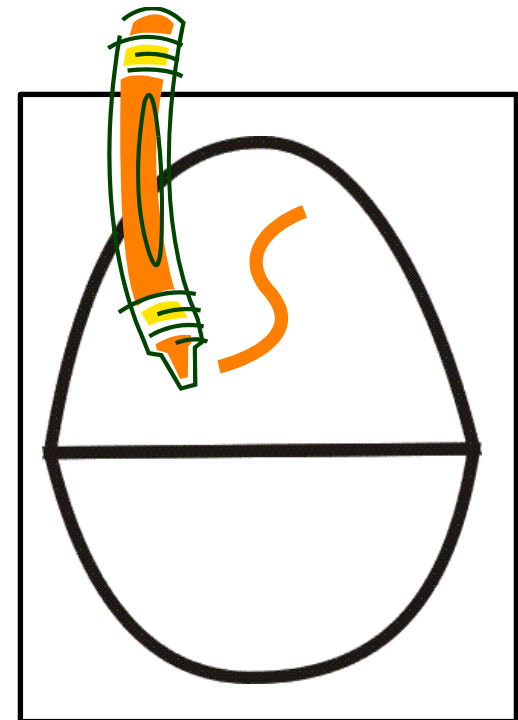

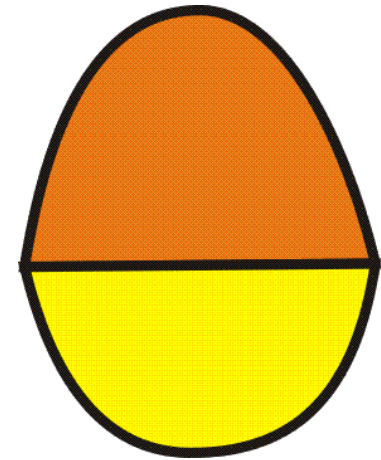

Have the students color the card to match their egg.

Hide eggs around the room.

Shuffle cards and give each student a card with the associated colors.

Have students find only the egg on their card.

Have students describe where they found their eggs, what colors their eggs are, name the dinosaur, and tell about its features.
