

A SNOWY DAY

It's a snowy day and all the kids are playing.
At the pond they're all ice skating!
In the snow they make a man with a carrot nose
and sticks for hands.

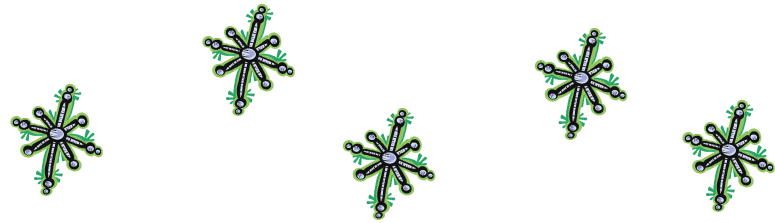

In the afternoon a fight breaks out and
snowballs fly all about!

In the evening when the day is done, the sky is dark without a sun.
The moon shines bright next to twinkling stars and snowflakes fall near and far.

I lay sleepy in my bed with the covers pulled up 'round my head.
I think about my snow day and how fun it was to laugh and play!

Have you ever had a
snowy day?
